

The Federation of Llanfoist Fawr and Llanvihangel Crucorney Primary Schools

Parental Code of Conduct Policy

Agreed December 2024 to be reviewed December 2027

Signed.....S Davies..... Headteacher

Signed.....R Corken..... Chair of Governors

Introduction

We are very fortunate to have a supportive and friendly parent body. Our parents recognise that educating children is a process that involves partnership between parents, class teachers and the school community. As a partnership, our parents/carers will understand the importance of a good working relationship to equip children with the necessary skills for adulthood. For these reasons we continue to welcome and encourage parents/carers to participate fully in the life of our school.

Purpose and Scope

The purpose of this policy is to provide a reminder to **all parents, carers and visitors** to our Federation about the expected conduct. This is so we can continue to flourish, progress and achieve in an atmosphere of mutual understanding.

Guidance

We expect parents, carers and visitors to:

- Respect the caring ethos and values of our Federation.
- Understand that both teachers and parents need to work together for the benefit of their children.
- Demonstrate that all members of the school community should be treated with respect and therefore set a good example in their own speech and behaviour.
- Seek to clarify a child's version of events with the schools' view in order to bring about a peaceful solution to any issue.
- Take responsibility for their children's behaviour after school and correct own child's behaviour especially in public where it could otherwise lead to conflict, aggressive behaviour or unsafe behaviour.
- Approach the Federation to help resolve any issues of concern.
- Avoid using staff or the police as threats to admonish children's behaviour.

Supportive and Safe Environment

The overriding principle is that all members of the school community have the right to work or be in school without fear of aggression or abuse from parents and carers. The Governors and school have a requirement to protect staff and pupils from such aggression.

On very rare occasions the behaviour of a very small number of parents and carers falls short of what we expect on behalf of the pupils, staff and whole school community. Unfortunately, this sometimes manifests itself in aggression or abuse towards members of the school community. This can be in written communication to or about the school (including on social media), on the telephone or in face-to-face incidents. In these situations, we expect members of staff to behave professionally, attempting to defuse the situation where possible and seeking the involvement as appropriate of other colleagues.

Definition of unacceptable behaviour

Unacceptable behaviour is aggressive, abusive, or insulting behaviour or language from a parent or visitor that makes a member of staff or pupil feel threatened or is untrue and harmful to the staff or officer or school's reputation.

We consider that such behaviour or language from a parent or visitor presents a real risk to staff or pupils. Such behaviour can be demonstrated through face-to-face contact, on the telephone, during virtual meetings or in written communication (including social media). The following is not an exhaustive list but seeks to provide illustrations of such behaviour:

- Disruptive behaviour which interferes or threatens to interfere with the operation of a classroom, an employee's office, office area or any other area of the school grounds including team matches.
- Using loud or offensive language, swearing, cursing, using profane language or displaying temper.
- Threatening to do actual bodily harm to a member of school staff, Governor, visitor, fellow parent/carer or pupil regardless of whether or not the behaviour constitutes a criminal offence.
- Damaging or destroying school property.
- Abusive or threatening e-mails or text/ voicemail/ phone messages or other written communication
- Defamatory, offensive or derogatory comments regarding the school or any of the students/ parent/ staff, at the school on Facebook or other social media sites. (See Appendix 1). Any concerns you may have about the school must be made through the appropriate channels by speaking to the class teacher, Headteacher or the Chair of Governors, so they can be dealt with fairly, appropriately and effectively for all concerned. *The complaints policy is available on the school website or from the school offices.*
- The use of physical aggression towards another adult or child.
- Approaching someone else's child in order to discuss or chastise them, because of the actions of this child towards their own child. (Such an approach to a child may be seen to be an assault on that child and may have further consequences).

- Smoking and consumption of alcohol or other drugs whilst on school property.
- Dogs being brought on to school premises.

Such behaviour may constitute a criminal offence and the school will report such offences to the Police as required and in some situations may be obliged to report under the Wales Safeguarding Procedures. Staff who face these situations have licence to end any conversation (face to face or on the telephone). They will then refer the incident to a member of the Senior Leadership Team or the Head teacher who will take appropriate action or invoke the provisions of this policy.

On occasions where parents or carers express their dissatisfaction with a member of staff or the provision of support in a school then the rights of individuals to complain are clear, however the rights of staff to equally fair treatment are also implied.

The Federation is committed to dealing with all complaints fairly and impartially, and to providing a high-quality service to those who complain.

We will not normally limit the contact complainants have with our school. However, we do not expect our staff to tolerate unacceptable behaviour and will take action to protect staff from that behaviour, including that which is abusive, offensive or threatening or which unreasonably maligns their professional reputation.

The Complaints Policy is available on both schools websites and from the school offices. This policy does not provide a means of placing one person's rights above those of another. Complaints about staff have a direct effect upon the individual and may lead to feelings of anxiety and insecurity or fear of reprisals. These feelings can result in staff becoming stressed, demotivated or even ill. It is important that staff feel supported and recognise that in most cases complaints will focus on the department or services and not the individual, who was acting on behalf of the department. The investigation at any stage of a complaint will focus on the quality or nature of the service provided or whether or not the Council's appropriate procedures have been followed. The complaints procedure is not a disciplinary procedure. It is there to try and solve problems and improve the quality of support to pupils. It is not there to blame or victimise staff.

We encourage partnerships with our parents and carers and work hard to maintain mutual respect and recognition of shared responsibility for the children. However, in a very small minority of cases, the behaviour of a few parents, carers or other connected persons can cause disruption or impair the running of the school.

In times of trouble or distress, some people may act out of character. There may have been upsetting or distressing circumstances leading up to a concern or a complaint. Neither school staff nor governors nor the Local Authority will view behaviour as unacceptable just because someone is forceful or determined. All complainants have the right to be heard, understood, and respected. However, complainants are expected to be polite and courteous in their dealings with the school and governors. Aggressive or

abusive behaviour, unreasonable demands or unreasonable persistence by complainants will not be tolerated.

People working in and for schools have a right to work in a safe environment that does not put them at risk either physically or in terms of their mental health and wellbeing. All members of the school community have a right to protect their professional reputation.

The Federation will always try to deal with concerns raised by parents in a professional and appropriate manner and understands that parents may not always realise when they have used social networking sites inappropriately. Therefore, as a first step, the school will usually discuss the matter with the parent to try and resolve the matter and to ask that the relevant information be removed from the social networking site in question. If the parent refuses to do this and continues to use social networking sites in a manner the school considers inappropriate the school may take further action in accordance with the provisions of this policy. This may include civil legal remedies for defamation slander and libel by either the school, the Local Authority or individual staff or officers. Where it appears a crime has been, or may be, committed then the school or individual school staff or officers may request police involvement.

Unacceptable, unreasonable or vexatious conduct and the complaints procedures

The Federation defines unreasonable or vexatious behaviour in connection with formal complaints as that which hinders our consideration of complaints, or ability to communicate with an individual effectively, because of the frequency or nature of the complainant's/individual's contact with the school, such as, if the complainant or individual:

- refuses to articulate their complaint or specify the grounds of a complaint or the outcomes sought by raising the complaint, despite offers of assistance
- refuses to co-operate with the complaints investigation process
- refuses to accept that certain issues are not within the scope of the complaints procedure
- insists on the complaint being dealt with in ways which are incompatible with the complaints procedure or with good practice
- introduces trivial or irrelevant information which they expect to be taken into account and commented on
- raises large numbers of detailed but unimportant questions, and insists they are fully answered, often immediately and to their own timescales
- makes unjustified complaints about staff who are trying to deal with the issues, and seeks to have them replaced
- changes the basis of the complaint as the investigation proceeds
- repeatedly makes the same complaint (despite previous investigations or responses concluding that the complaint is groundless or has been addressed)
- refuses to accept the findings of the investigation into that complaint where the school's complaint procedure has been fully and properly implemented and completed including referral to the Department for Education
- seeks an unrealistic outcome
- makes excessive demands on school time by frequent, lengthy and complicated contact with staff in person, in writing, by email and/or by telephone
- uses threats to intimidate

- uses abusive, offensive, or discriminatory language or violence
- knowingly provides falsified information
- publishes unacceptable information on social media or other public forums
- unreasonably maligns a person's professional reputation and makes allegations or assertions either face to face, online or in any form of communication which are untrue or without evidential basis.

Complainants should try to limit their communication with the school that relates to their complaint, while the complaint is being progressed. It is not helpful if repeated correspondence is sent (either by letter, phone, email or text), as it could delay the outcome being reached.

Whenever possible, the headteacher or chair of the governing board will discuss any concerns with the complainant informally before applying an 'unreasonable' marking.

If the behaviour continues, the headteacher will write to the complainant explaining that their behaviour is unreasonable and ask them to change it. For complainants who excessively contact Llanfoist Fawr Primary or Llanvihangel Crucorney Primary causing a significant level of disruption, we may specify methods of communication and limit the number of contacts in a communication plan. This will be reviewed after six months.

In response to any serious incident of aggression or violence, we will immediately inform the police and communicate our actions in writing. This may include barring an individual from Llanfoist Fawr Primary or Llanvihangel Crucorney Primary. Schools are not public places and although parents and carers have rights to attend and enter school premises for legitimate proper purposes, The Education Act of 1996 states that it is an offence for a trespasser on school premises to cause a nuisance or disturbance. The school is entitled to withdraw the implied right a parent or carer has to enter the school if that parent or carer is violent or aggressive. If the parent or carer then enters the premises, they are in breach of the law, and they can be prosecuted in the criminal courts.

This policy applies to all those that engage with the school and not just to parents. It applies to all forms of communication whether online or otherwise the school and /or the Local authority may also take rely upon other legal remedies including injunctive action to protect staff or civil defamation actions to protect the reputation of staff and officers where there is slanderous or libellous communication that affects their reputational rights.

Behaviours which can lead to a ban include but are not limited to:

1. Physical or verbal threats towards staff, pupils, or other parents
2. actual violence,
3. damage to property
4. refusal to leave when asked
5. disruption of the running of the school
6. general abusiveness

Sometimes a staged approach supported by formal written notification will be appropriate but in each case the headteacher will decide whether the situation has reached the threshold for needing an actual ban. In extreme circumstances, i.e. if the

incident is considered to be very serious, then s/he can issue a short-term temporary ban immediately, if required in order to protect the school community.

If the issue presents a less immediate threat then the headteacher will consider issuing a warning letter which says that repeats of such behaviour will likely result in a ban. Events may occur in a number of stages, and it may be that upon consideration by the headteacher that a warning letter needs to be issued.

The school will write to the parent/carer or individual setting out:

- what has happened and why it is unacceptable
- that the school will consider banning the parent/carer from the school premises
- give a clear explanation of why the ban is proposed
- give the parent/carer 5 working days to respond in writing giving their own version of events
- state the length of the proposed ban and give a review date.

Following receipt of the written response:

- The headteacher will decide whether to ban the parent/carer
- The parent/carer will be informed in writing within 3 days of the decision taken
- The terms of any ban will be clear, with explicit paths of communication between the school and the parent
- Pick up and drop off for children will be taken into consideration
- A date for the review will be given, which will take account of what has happened in the interim period
- If no further concerns have arisen regarding the parent's behaviour, a meeting date will be set which will seek to re-establish a productive working relationship between the school and the parent/carer

If a parent/carer wishes to appeal against a ban, they may do so in writing (following the complaints procedure). The first stage of this appeal will be undertaken by an appointed governor who would invite the headteacher to review the matter with a view to lifting the ban. If the outcome to this stage is that the ban is still in place, then the parent may appeal further to a panel of governors according to the usual complaints process.

In some cases, the unacceptable behaviour is so extreme (for example, an assault on a member of staff) that the headteacher may feel that there is no alternative but to impose a lengthy or permanent ban. In criminal cases the headteacher should inform the police and should contact their legal advisors and the Local Authority. Consideration will also be made as to whether there is a duty to report that arises for any vulnerable adults or children who may be affected by the behaviours under the Wales Safeguarding Procedures. [Safeguarding Wales](#)

Ensuring the needs of learners are supported where a ban has been imposed

When seeking a resolution to this type of issue, the progress and well-being of the parent's child(ren) will be fully considered. Actions put in place will be reasonable and proportionate. The parent and carer will have the opportunity to put their views forward at

every stage. In the case of the imposition of conditions or a ban from school, robust review processes involving the Governors are in place to ensure fairness.

The purpose of this policy is to provide a reminder to all parents, carers and visitors to our school about the expectations around the conduct of all parents and visitors connected to our school. We understand that everyday frustrations can cause misunderstandings and have a negative impact on our relationships.

Establishing where this happens, that we remain committed to resolving difficulties in a constructive manner through open positive dialogue is essential. In this way we can continue to flourish and progress to achieve, in an atmosphere of mutual understanding.

Behaviour of Staff and professionals

Our school has a separate code of conduct for all our employees and this parent/ carer code is aimed at the wider school community so that all can see and understand the expectations on the behaviour of all those connected with the school. The policy aims to clarify the types of behaviour that will not be tolerated and seeks parental engagement with these expectations. The policy also sets out the actions the school can take should this code be ignored or where breaches occur.

Council employees including those employed in schools are bound by the Local Authority Code of Conduct based on the recommendations of the Committee on the Standards of Conduct in Public Life.

Many school employees are also required to be registered with the Education Workforce Council (EWC) and this creates additional professional conduct obligations upon school professionals.

The EWC's Code of Professional Conduct and Practice ('the Code') sets out the standards expected of those education staff who are required to be registered with the EWC and is intended to support and guide their behaviours and judgements as professionals working in education and training roles in Wales.

All registered school staff should adhere to the professional code of conduct [Code of Professional Conduct and Practice \(ewc.wales\)](https://www.ewc.wales/) Failure by a registrant to adhere to the Code may call their registration with the EWC into question. The EWC has legal powers to investigate and hear cases of alleged unacceptable professional conduct, serious professional incompetence, and criminal offences involving registrants.

The school's approach to dealing with incidents where a ban may be needed or where the behaviour may be deemed unacceptable, unreasonable or vexatious.

If a parent/carers/visitor behaves in an unacceptable way that is harmful to the school reputation or towards a member of the school community, the Headteacher or appropriate senior leader will assess the level of risk before deciding on a future course of action. The course of action will be reasonable and commensurate with the assessed level of risk.

These measures may be considered necessary regardless of whether the formal complaint process has been initiated or is in process.

Recording of Incidents

Staff and pupils subject to abuse and witnesses will make written statements about incident(s) which will be kept in a file with subsequent letters. This file will be kept by the office staff. Depending on an assessment of the risk of retaliation to witnesses or individuals, statements made by adults may be made available to the parent if they request it. This also applies to CCTV where available. Information may be redacted and will only be shared in some cases after legal authorisation to do so.

The School's Response

Following the completion of the risk assessment, the Headteacher will decide the level of action to be taken.

Actions may include the following:

1. Clarify to the parent what is considered acceptable behaviour by the school
In some instances, it may be appropriate simply to ensure the parent is clear about behaviour standards expected by the school. This could be explained by letter from the school. This letter may contain a warning about further action if there are further incidents. The parent/carer will be invited to speak or write to the Headteacher with his/her version of events within 10 working days. Depending on the parent's response a meeting may then be held to discuss the situation, seek a resolution and to agree how similar problems can be avoided in future.
2. Invite the parent to an informal meeting to discuss events This could be helpful to discuss and diffuse the situation. The safety and well-being of those attending such a meeting must be carefully considered. Members of school staff will always be accompanied by at least one other colleague at any such meeting. Consideration will be given to the seating arrangements, and care taken to ensure exits are unblocked to ensure those who wish to or need to leave for any reason are able to do so at all times.
3. The main points of discussion and any agreed actions will be noted, and a follow-up letter or e-mail sent to confirm the school's expectations and any agreed actions.
4. Consider if it is necessary to impose conditions on the parent's contact with the school and its staff.

Although fulfilling a public function, schools are private places. The public has no automatic right of entry. Parents and carers of enrolled pupils have an 'implied licence' to come onto school premises at certain stated times. It is for schools to define and set out the extent of such access. Depending on the type, level or frequency of the unacceptable behaviour, the school may consider imposing conditions on the parent's contact with the school. These conditions may include (but are not exclusively):

- Being accompanied to any meeting with a member of school staff by a member of SLT
- Restricting contact by telephone to named members of the senior leadership team

- Restricting written communications to named members of the senior leadership team
- Restricting attendance at school events to those where the parent will be accompanied by a member of the senior leadership of the school
- Any other restriction as deemed reasonable and proportionate by the Headteacher.

In this case the parent will be informed by letter from the Headteacher the details of the conditions that are being imposed. The parent would then be given 10 working days from the date of that letter to make representations in writing or in person about the conditions to the Chair of the Governing Body. The Chair of Governing Body will, with support of a panel, then decide whether to confirm or remove the conditions. This would be communicated to the parent in writing within 10 working days of the date of the parent's/carer's letter.

If the decision is to confirm the conditions imposed, this decision will be reviewed by the school after approximately six months (and every six months after that, if appropriate). The parent will be invited to make written representation to the Governing Body. This and the evidence from the Headteacher will be considered at a meeting of the full Governing Body. Governors may decide to maintain, extend, or remove the conditions. The decision of the review will be communicated to the parent by the clerk to the Governors within 10 days of the date of the meeting.

When deciding whether it will be necessary to maintain, extend or remove the conditions, Governors will consider the extent of the parent's compliance with the conditions, any appropriate expressions of regret and assurance of future good conduct received from him/her and any evidence of the parent's cooperation with the school in other respects.

Imposing a ban

Where other procedures have been exhausted and aggression, problematic behaviour or intimidation continues **or** where there is an ongoing or immediate need to impose a ban for reasons of health and safety such as where there has been an act of violence then the school may consider banning the individual from school premises (See appendix 2). This will include banning a parent from accessing school staff by written communication or telephone. Measures to ensure any pupil impacted by a parental ban is able to attend school fully and with suitable emergency contact measures in place will be considered and detailed.

In these circumstances, the individual would be advised in writing by the Headteacher that a provisional ban is being imposed. The parent would then be given 10 working days from the date of that letter to make representations about the ban in writing to the Chair of Governors.

The Chair of Governors would then decide, with a panel, whether to confirm or remove the ban. This would be communicated to the parent in writing within 10 working days of the receipt of their letter.

If the decision is to confirm the ban, parents in these circumstances will be offered an annual meeting about their child's progress, usually with a member of senior staff.

A decision to impose a ban will be reviewed by the Governing Body after approximately six months (and every six months after that, if appropriate). The parent/carer will be invited to make written representation to the Governors; this and the evidence from the Headteacher will be considered at a meeting of the full Governing Body meeting. Governors may decide to remove the ban, extend the ban or impose conditions on parent's/carer's access to the school. The decision of the review will be communicated to the parent/carer by the clerk to the Governors within 10 days of the date of the meeting. In deciding whether to remove or extend the ban or impose conditions, Governors will consider the extent of the parent's/carer's compliance with the ban, any appropriate expressions of regret and assurance of future good conduct received from him/her and any evidence of the parent's co-operation with the school in other respects.

Removal from school

Parents and Carers who have been banned from the school premises and continue to cause a nuisance will be considered as trespassers. In these circumstances the offender may be removed from school. The school may need to contact the Police in this situation. Legal proceedings may be brought against this person. Some incidents may trigger the professional duty to report under the Wales Safeguarding Procedures. [Safeguarding Wales](#)

Complaints policy

Any parental/carer or pupil complaint that arises from incidents of abusive behaviour will be dealt with under the complaints policy.

Monitoring by the Governing Body

This policy is reviewed every 3 years by the Governing Body.

All actions taken under this policy are also monitored by the Governors. Details of incidents are reported to the Governors as part of the Headteachers Safeguarding report. Parents' names and details are not identified in the report.

Equality Statement

This school recognises that people have different needs, requirements and goals and we will work actively against all forms of discrimination by promoting good relations and mutual respect within our community and between pupils, parents / carers, staff, governors, and partners.

We will also work to create equal access to support, for everyone, irrespective of ethnic origin, sex, age, marital status, sexual orientation, disability, gender reassignment, religious beliefs or non-belief, use of Welsh, BSL or any other language, nationality, responsibility for any dependents or any other reason which can be shown to be justified.

We trust that parents and carers will assist our school with the implementation of this policy and we thank you for your continuing support of the school.

Appendix 1: Parental Code of Conduct Agreement

This is an agreement between the school, its pupils, and their parents/carers, outlining their roles and responsibilities whilst at the Federation.

- Ensure that the parent is aware of the school's record keeping policy including the creation of the central transfer file should the pupil enrol at another school.
- Set, mark, and monitor homework regularly in keeping with the school's homework policy.
- Contact parents and carers as soon as is possible if the school is concerned about the child's schoolwork, behaviour, attendance, or punctuality.

- Act at all times with respect and show tolerance towards other students and staff.
- Work hard and comply with requests or directions from the teacher or principle.
- Abide by school rules, meet homework requirements, and wear school uniform.
- Respect the school environment.

Parent / carer Expected Behaviours and Role

It is the responsibility of parents/carers to:

- Attend open evenings for parents.
- Ensure my child is in school on time every morning.
- Inform the school of the reason my child's absence, providing supporting documentation if required.
- Let the school know immediately if there are any reasons that may affect my child's ability to learn.

- Support the authority and discipline of the school enabling my child to achieve maturity, self-discipline, and self-control.
- Abide by school's policy regarding access to school grounds before, during and after school hours.

Unacceptable or unreasonable conduct

Whilst disrespectful behaviour from parents and carers is very rare, we need to have a Code of Conduct in place to safeguard the children and staff. Therefore, we ask that all parents and carers give all members of staff the same level of respect as staff afford to them.

Aim

It is the aim of this Code that all members of the school's community treat each other with respect.

Expectations

The following are the expected outcomes of the Code:

- That adults always set a good example to children, showing them how to get along with all members of the school and the wider community.
- That no members of staff, parents/carers, other adults, or children are the victims of abusive behaviour or open to threats from other adults on the school premises.
- Physical attacks and threatening behaviour, abusive or insulting language whether verbal or written – directly or on social media - to or about staff, governors, parents/carers, children, and other users of the school premises will not be tolerated and may result in withdrawal of permission to be on School premises.
- Any parent who is asked to leave the school premises will have the right to appeal the decision by writing to the Chair of Governors.

Roles and Responsibilities

It is the responsibility of the Headteacher and Governors to monitor and review this policy.

Guidelines

Types of behaviour that are considered serious and unacceptable and will not be tolerated towards any member of the school's community may include:

- Shouting, either in person or over the telephone
- Inappropriate posting on social networking sites that is deemed as bullying or derogatory
- Speaking in an aggressive/threatening tone
- Physically intimidating e.g., standing very close or invading another's personal space
- The use of aggressive hand gestures or sudden and or exaggerated movements
- Physical threats, in person or by any other means
- Shaking or holding a fist towards another person
- Swearing
- Pushing

- Hitting, e.g., slapping, punching or kicking
- Any other unwanted physical contact
- Spitting
- Racist, sexist, homophobic or any other comments deemed offensive to an individual or group.

This is not an exhaustive list but seeks to provide illustrations of such behaviour.

Inappropriate use of social media

Social media websites are being used increasingly to fuel campaigns and complaints against schools, Headteachers, school staff and, in some cases, other parents/pupils.

The Governors of Llanfoist Fawr and Llanvihangel Crucorney Primary Schools consider the use of social media websites being used in this way as unacceptable and not in the best interests of the children or the whole school community. Any concerns you may have must be made through the appropriate channels by speaking to the class teacher, the Headteacher or the Chair of Governors, so that they can be dealt with fairly, appropriately, and effectively for all concerned.

If any pupil or parent/carer of any child being educated in the Federation is found to be posting libelous or defamatory comments on Facebook or other social media websites, they will be reported to the appropriate 'report abuse' section of the network site and to the Police.

All social network sites have clear rules about the content which can be posted on the site, and they provide robust mechanisms to report content or activity which breaches this. The school will also expect that any parent/carer or pupil removes such comments immediately.

In serious cases, the school will also consider its legal options to deal with any such misuse of social networking and other sites. Additionally, the issue of cyber bullying and the use by one child or a parent/carer to publicly humiliate another by inappropriate online communication. We will take and deal with this as a serious incident of school bullying. Thankfully such incidents are extremely rare.

Consequences

The above behaviours on school premises will be reported to the appropriate authorities and, Governors may prohibit an offending adult from entering the school grounds to safeguard our school community.

The school reserves the right to take any necessary actions to ensure that members of the school's community are not subjected to abuse. Therefore:

- Incidents of rudeness will be logged with the Headteacher and Chair of Governors
- Abusive adults will have one written warning from the Headteacher
- In the event of unreasonably persistent communications, restrictions on the communication received and response times might be imposed.

- School premises are private property and parents/carers have been granted permission from the school to be on school premises. However, in case of abuse or threats to staff, pupils or other parents, School may ban parents/carers from entering the school.
- Unacceptable behaviour may result in the Police and the Anti-Social Behaviour Team being informed.
- It is also an offence under section 547 of the Education Act 1997 for any person (including a parent) to cause a nuisance or disturbance on school premises. The police may be called to assist in removing the person concerned and it is possible a fixed penalty notice and/or an anti-social behaviour order may be issued.
- Disrespectful and unacceptable behaviour will not be tolerated, and the necessary actions will be enforced:
- The parent will be given the opportunity to discuss matters with a senior member of staff to discuss and resolve the issue
- If the matter cannot be resolved immediately, the parent will be asked to leave the school premises until a meeting is held to discuss and resolve the issue
- In the event of severe or continual abuse, the Local Authority and police will be informed, and the parent/carer may be banned from the premises and other possible sanctions imposed.

School is not responsible for organising arrangements for children in the above circumstances. Parents/carers will need to provide alternative arrangements for bringing children into School.

Appeal

Parents/carers have the right of appeal by writing to the Chair of Governors within ten days of permission to enter the school premises being withdrawn.

We trust that parents and carers will assist our school with the implementation of this policy and thank you for your continuing support.

Appendix 2 – Imposing a ban

Persons Causing Nuisance / Disturbance on School Premises

Section 547 of the Education Act 1996

School premises are private property and parents have been granted permission from the school to be on school premises. However, in case of abuse or threats to staff, pupils or other parents, school may ban parents from entering school. It is also an offence under section 547 of the Education Act 1996 for any person (including a parent) to cause a nuisance or disturbance on school premises. The police may be called to assist in removing the person concerned. School is not responsible for organising arrangements for children in the above circumstances. Parents will need to provide alternative arrangements for bringing children into school.

Appendix 3 - Risk Assessment – key considerations to support decision making

In the event of a parent, carer or stakeholder behaving in an inappropriate way, each situation will need to be considered individually by the headteacher or a designated member of school staff. The following factors should be considered as a risk assessment, before deciding on the most appropriate course of action:

Risk Assessment prompt Questions for Head Teachers

Has the individual been verbally aggressive/threatening/intimidating?
Has the individual been physically aggressive/threatening/intimidating?
Has the individual published unacceptable material or been abusive or threatening via social media or other public forums about the school, its staff or pupils?
Has the individual been unreasonably persistent with their correspondence?
Has the individual been occasionally or persistently abusive to school staff, pupils, or visitors?
Have pupils witnessed aggressive/threatening/intimidating behaviour from the individual?
Have pupils been approached inappropriately by the individual?
Do members of the school staff/community feel distressed or intimidated by the individual's behaviour?
Does the individual have a known previous history of aggression/violence? (Information can only be sought from the police when an official complaint has been made).

What evidence is there to support any of the above findings? What do any witnesses say happened? Is there evidence of provocation? How frequently have the behaviours occurred? Is there a risk (low, medium or high) that the behaviour may be repeated?

All incidents where staff feel they are threatened or vulnerable must be recorded in full including line managers comments and reported via the Violence at Work form. Certain incidents involving violence must also be reported to the Health and Safety Executive. Consider if police reporting is needed and if a duty to report arises under the Wales Safeguarding Procedures.

Some parents, carers or stakeholders may covertly record meetings and then seek to use the information obtained to support their case, and therefore schools should state explicitly that information obtained without permission will not be permissible.

There is no obligation for staff to agree to the electronic recording of conversations/meeting. Covertly recording meetings will be considered unreasonable behaviour. The subsequent use of any such recordings is governed by Data Protection Legislation and advice can be sought from the Council's Information Management Team should this issue arise.

Involvement of the Community Safety Partnership

There are several stage actions in place that can be used by the Community Safety Partnership/ Environment and Public Protection Team within MCC to tackle anti-social behaviour committed by individuals. In conjunction with key agencies, the team will look to tackle this behaviour by way of interventions or enforcement action if this is needed. There are several processes in place ranging from warning letters through to more serious sanctions. Advice and Guidance can be sought from: Monmouthshire Country Council: Community and Partner Development Manager, Community Safety Lead, Health and Safety Corporate Manager, the Chief Officer for Children. and Young People, Vulnerable Learner Lead (VLL) and the Lead Officer for Safeguarding in Education (LOSIE)

Calling for police assistance 999 or 101

If the situation escalates to such a degree that you feel the wider school community are at potential risk, then you are to instigate the school's formal lockdown or lock in procedure as part of the critical incident procedure.

In an emergency, police assistance should be sought; if the individual(s) is(are) still on the school site, and staff or learners are feeling threatened, then 999 should be dialled immediately. In cases where a ban is in place but is ignored and the person comes onto the school site, the police should be notified immediately. (Staff will need to be aware of the ban and have agreed procedures in place should the person come onto the school site and the risk assessment should detail this).

In situations where there is no immediate threat to staff, pupils, other members of the school community or the school's property, Headteachers may still wish to make their Local Neighbourhood Policing team aware of the situation. This must be done via 101, where a record of the incident will be made, and the appropriate neighbourhood team supervisor notified. They, in turn, will then ensure that the matter is referred to the most suitable resource.

Legal Routes where a ban is not adhered to:

Where individuals persist in coming onto the school site even when permission to do so has been withdrawn, it is possible for legal proceedings to be pursued. The options include: Prosecution under section 547 of the Education Act 1996 and under the Anti-Social Behaviour Crime and Policing Act 2014 is possible in rare cases as a last resort and with suitable evidence.

Restraining orders or prosecution under the Protection from Harassment Act 1997 is possible for cases where someone causes alarm or distress to another person on more than two occasions.

Individual cases should be discussed with Monmouthshire Country Council officers as appropriate: Community and Partner Development Manager, Community Safety Lead, Health and Safety Corporate Manager, the Chief Officer for Children. and Young People,

Vulnerable Learner Lead (VLL) and the Lead Officer for Safeguarding in Education (LOSIE) to decide the most appropriate response.

There should be clear and detailed records of all events which must be kept up to date. Any witness statements (where appropriate) and notes of any subsequent meetings held to discuss the events should also be retained by the school. Notes should be signed and dated by those individuals involved.

Any physical evidence should be retained, and witnesses should be asked to make a record of exactly what they saw and heard at the earliest opportunity, to the police.

All incidents culminating in a parent, carer or stakeholder being banned from a school site should be reported to the Health, Safety and Wellbeing Manager. This should include details of the perpetrator, date the ban came into force, length of the ban, dates of review and brief overview of the incident. The local authority via the Health, Safety Manager should be notified of this in addition to any related Health and Safety at Work Act compulsory reporting, within 5 working days of the ban being enforced.

Support for Employees

If a member of staff is unfortunate enough to be one of the very small minority subject to serious physical and/or verbal abuse, there are a variety of sources of potential support available to them.

In such circumstances, the immediate and ongoing support of colleagues will be invaluable. All employees will be made aware of Wellbeing Solutions support via the People Hub on the Wellbeing pages and the services it can provide which may include counselling.

Education Staff should be alerted to the Education Support Partnership 08000 562 561, a UK charity providing mental health and wellbeing support services to all education staff, organisations and trade unions are also likely to be a source of assistance.

Appendix 5: Dealing with Abusive Telephone Calls

Sometimes staff may have to deal with challenging, abusive, aggressive, or threatening telephone calls. It is unacceptable for any member of staff to be subjected to such abuse, but staff may not know how to handle such a call. This guidance has been produced to assist staff if they are faced with such a situation.

To reduce the likelihood of callers becoming abusive, staff should conduct themselves in a courteous and professional manner and make every attempt to meet the needs of the caller. Staff should also have the confidence that it is acceptable to end an abusive telephone call.

Always

- remain calm and polite
- stay in control of the situation
- actively listen – repeat information back to the caller to test understanding of the issue and gain their agreement. Inform the caller they are trying to help them
- be positive and say what you can do
- be clear and avoid using jargon
- if necessary, apologise for an error and take action to put it right
- if you must go and get some information, let the caller know why you are putting them on hold
- and do not leave them for a long time. Update them as necessary
- make notes of the conversation
- follow the procedure below if appropriate
- refer the caller to the Headteacher, the deputy Headteacher, etc. if necessary.

Never

- respond in the same manner as an abusive caller
- take it personally
- allow yourself to be bullied
- slam the phone down.

Script for abusive telephone calls

When the caller starts to raise their voice/be abusive:

Mr/Mrs/Ms... please don't raise your voice/swear at me, I am not raising my voice/being rude to you.

If you continue to raise your voice/be rude to me then I will be forced to terminate the call.

When the caller continues to raise their voice/be abusive:

Mr/Mrs/Ms..... I understand you are upset/frustrated however I am not prepared to continue to be shouted/sworn at so you can either call back when you have calmed down or if you prefer you can put your views in writing.

If, despite the two warnings above, the caller continues to raise their voice/be abusive:

Mr/Mrs/Ms.... I advised you earlier during this call about raising your voice/swearing and you have continued to do this, so I am afraid I am going to have to terminate this call. Hang up.

Further actions

Make a written note of the telephone call and/or enter onto your management information system and then report the incident to your line manager.

If the same caller ring back and continues to be abusive, replace the receiver and inform your manager. If, however, the purpose of the call is to apologise, then you should accept the apology, but still inform your manager of the initial call.
